Experience

- I had started working when I was 15 yrs old. I used to give tuition to school 9th and 10th grade. This was my first experience of working.
- When I was studying in university I started working in local software house as a web designer and developer. This was not for long time as I have switched my work.
- Lately in 2016, I came to know about this online marketplace like fiver, upwork etc. So I have decided to become a full time freelancer and started working on fiver.
- I am currently working on fiverr and upwork as web designer and wordpress developer and have many happy clients around the globe.
- I am also involve with two social work organizations as head of media team and web developer.

Honors

- Being the topper of the school they have honored me and write my name on the wall of frame in my school.
- Local Govt official have awarded me a souvenir and certificate for my social work with our Local community.
- KP tourism corporation have awarded me a certificate for exploring the northern Mountains range of Pakistan.
